EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with R.C. Harpman on 7/22/05.

The application has been amended as follows: in claim 4, line 3, "article" has been replaced by "articles" and, in claim 7, line 5, "ascending" has been replaced by "descending".

The following is an examiner's statement of reasons for allowance: Although Tsukamoto et al teaches an apparatus for identifying and counting multiple articles in a confined mass using RF energy, it doesn't teach means for selectively positioning the antenna around the mass articles or the step of selectively repositioning said antenna.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
